kynect health plans offer peace of mind. All plans cover essential health benefits like doctor visits, trips to the hospital or emergency room, medicine and care for pregnant women and children.

Plans you can afford.

Many people know they need health insurance, but are concerned about cost. To make sure health coverage is affordable, kynect helps people find out if they qualify for:

Help with monthly bills: Just enter your income to see if you qualify. Payment assistance can lower your monthly bill.

Help with out-of-pocket costs: You may qualify for discounts on out-of-pocket expenses, like the co-payment when you go to the doctor.

Medicaid: Medicaid is low-cost health coverage for those who qualify, including people with disabilities and lower incomes. There are no premiums, but there may be some co-payments.

Compare health plans more simply.

With kynect, comparing different health plans is simple. Health plans offered on kynect are in one of four new metal categories: Bronze, Silver, Gold and Platinum. As the metal level increases in value from Bronze to Platinum, so does the percentage of medical expenses that the plan covers. For example, you could choose a Platinum plan with a higher premium and pay a lower out-of-pocket cost. Or you could choose a Bronze plan with a lower premium and pay a higher out-of-pocket cost.

In the chart below, you can see how different people may qualify for government help with the cost of health insurance. These examples are only estimates and may not apply to your situation. Costs will also vary based on what metal level of plan is selected.
